

SOULFUL LEADERSHIP - THE POWER WITHIN

OVERVIEW

This proposal is our response to your request for a two-day training session on leadership encompassing a variety of issues on inspiring others, leading teams, people skills, analytical capability and decision making in general in a corporate leadership position.

WORKSHOP OBJECTIVES

- To exemplify the power of positivity and ability to make things happens on a personal and organizational level
- To assess traits of successful leaders and how these can be applied to one's own self-mastery
- To assist participants in improving decision making, interpersonal skills, and creating a harmonious workplace
- To develop the ability of participants to work effectively in teams, showcasing efforts to strengthen workplace-professional relationship.

WHO SHOULD ATTEND?

- This program is designed for both managerial and executive level in the organization, and is delivered in a bottom-up fashion – i.e. no prior knowledge or training is necessary.

WORKSHOP OUTLINE

- The power within
- Leading soulfully
- Whose fault is it?
- Value based leadership
