

PEOPLE DEVELOPMENT - SECRETARIAL & CLERICAL EXCELLENCE

OVERVIEW

Very often, secretaries and administrators are not told- they have one of the most, if not the most important job in the company. They are being entrusted to hold fort, and single-handedly manage the day to day operations and tasks of the company's top leadership.

Most of their days incorporate tasks which are ad hoc; but this training will mould them to understand that there are many things in life that we are unable to control, or change, but the only thing we are able to manage, is our mind. The reason an average secretary would get rattled at the slightest challenge in life is poor mental conditioning.
