

ISO 9001-2015, ISO 14001-2015 & ISO 45001-2018 AWARENESS TRAINING

AVAILABLE FOR OFFLINE & ONLINE

OSHA
Series

OVERVIEW

ISO 9001, ISO 14001 and ISO 45001:2018, revised approximately every 10 years or so, last saw revisions in 2008, 2004 and 2007 respectively. These are ISO's most important standards, with many major purchasers requiring suppliers to hold a certificate.

In this training, through group activities and individual participation you will understand what is needed for the new ISO 9001/14001:2015 and ISO 45001:2018. Most of all you will learn how to complete it efficiently and how it will benefit you and your company.

WHO SHOULD ATTEND?

- ✓ This course is intended for company personnel who are considering the development and implementation of a Quality/Environment Management System that meeting ISO 9001/14001/ISO 45001 to achieve third party certification, and is particularly relevant to the ISO9001/14001/ISO 45001 steering group representative.
