**SYNERGY:  
ELECTRIFYING  
TEAM WORK!**

**COMFORI SDN BHD**

## Objectives

- appreciate each other more as team members
- understand the typical problems that hamper effective collaboration at work
- recognize the differences in thinking and values in people and how to build teams around them
- use group creativity techniques for problem solving and analysis
- utilize techniques for conflict resolution among team members
- identify the common patterns of behaviors that often arise in team synergy

This two-day workshop is practical and provides techniques participants can immediately apply on a daily basis in their interactions with their team members
